Hiring Manager / IT Leadership Team Coherent Corp. (Prai Plant)

Subject: Application for Shift IT Support Analyst Position

Dear Hiring Manager,

I am writing to express my strong interest in the **Shift IT Support Analyst** position at Coherent Corp. in Perai. With a Bachelor's Degree in Software Engineering from Universiti Putra Malaysia (UPM) and over 5 years of professional IT experience in end-user support, incident ticketing, SLA compliance, and system troubleshooting, I am fully prepared to support your 24/7 manufacturing operations onsite.

As a resident of Perai, I am ideally located to commit to 100% onsite, 12-hour rotating shift support to ensure high plant availability and rapid resolution of MES and shop floor issues. My background directly aligns with your requirements:

- **IT Support & SLA Adherence:** Hands-on experience delivering Level 1 and Level 2 technical support, tracking incident lifecycles, and ensuring compliance with response SLAs. I independently designed and deployed a production-ready Ticketing Support System featuring role-based user access, SMTP notifications, and standardized incident resolution paths.
- **System Uptime & Plant Support:** Experienced in monitoring enterprise software health, resolving application defects, and coordinating system capacity expansions to safeguard continuous operational uptime.
- **Hardware, OS & Network Troubleshooting:** Strong analytical mindset for diagnosing software/hardware issues, handling network troubleshooting, managing user accounts, and deploying system updates across work environments.
- **Collaborative & Accountable Execution:** Proven track record acting as a key technical contact (PIC), working seamlessly alongside engineers, end-users, and infrastructure teams to resolve bottlenecks efficiently.

I strongly resonate with Coherent's ICARE values—taking full accountability for problem resolution, collaborating across teams, and maintaining a proactive, trust-driven approach on every shift.

Thank you for your time and consideration. I look forward to discussing how my IT support experience and local presence in Perai will benefit your shift operations.

Sincerely,
Nabihah Taquddin Azmy
