Hiring Manager
Agensi Pekerjaan Find Talent Sdn Bhd

Subject: Application for Business Analyst Position

Dear Hiring Manager,

I am writing to express my strong interest in the Business Analyst position at Agensi Pekerjaan Find Talent Sdn Bhd in Butterworth. Holding a Bachelor's Degree in Software Engineering from Universiti Putra Malaysia (UPM) and over 5 years of professional experience in project management, system analysis, performance reporting, and cross-functional team leadership, I am eager to help drive your strategic projects and business optimization initiatives.

My background aligns closely with the core responsibilities outlined for this role:

- **PMO & Strategic Project Coordination:** Over 5 years of experience serving as Assistant Project Manager and Single Point of Contact (PIC) for multi-module enterprise systems. Proven track record coordinating deliverables across cross-functional teams, managing timelines, tracking milestone metrics, and maintaining project documentation.
- **Business Performance & Data Analysis:** Skilled in gathering data, analyzing operational health, tracking KPIs, and converting technical and operational metrics into actionable insights. Experienced in generating monthly/quarterly progress reports and project performance tracking.
- **Process Mapping & Workflow Optimization:** Adept at evaluating business processes, authoring Functional Specification Documentation (FSD), evaluating Change Requests (CRs), and identifying operational gaps to streamline delivery workflows.
- **Stakeholder Collaboration & Change Management:** Strong communication and interpersonal skills built from bridging communications between management, clients, technical teams, and external stakeholders.

Living right next door in Perai, I offer immediate local availability in Butterworth and a practical, analytical approach to supporting Find Talent's growth, reporting structures, and commercial projects.

Thank you for your time and consideration.

Sincerely,
Nabihah Taquddin Azmy
